

## \*\*\*NOTICE\*\*\*

On February 22, 2011 the Board of Commissioners approved significant changes to the Cobb County Code of Ordinances pertinent to the Business License Division in reference to **alcohol licenses**.

Section 6-1 – expanded the definition of “Agent” to include any promoter, or person serving/selling alcohol whether compensated or not.

This expanded definition of agent now covers promoters and marketing people and anyone else in an establishment that is providing alcohol and requires that they do not provide alcohol in violation of the code.

6-207 – requires independent security to obtain an alcohol work permit.

6-221 – requires that all alcohol to be removed from patrons within 30 minutes following mandatory end of alcohol service hours.
